

**Name:** Braganza, Ralph Angelov F.

**Course & Section:** BSCpE11S1

**Date:** Oct 31, 2025

## Discussion 6.2 | Create Your Own GitHub Account

The screenshot shows the GitHub Home page. On the left, there's a sidebar with 'Top repositories' and a search bar. In the center, a modal window titled 'Join GitHub Education!' is open, featuring a message about GitHub Education opening doors to new skills and tools, and three service offerings: Copilot, Heroku, and Microsoft Azure, each with a brief description and a 'Join GitHub Education' button. To the right of the modal is the main GitHub interface, which includes a navigation bar with user profile information (Braganzape, Braganza), a search bar, and various navigation links like Profile, Repositories, and Settings. Below the navigation is a 'Home' section with a search bar, a 'Ask anything' input field, and buttons for 'Task', 'Create issue', and 'Spark'.
